Algorithms restrict what you can see

Bill C-18

Stopped some organizations like Facebook from sharing news feeds

Designed to try to prop up the broken model of news publishers by

having search and social media platforms subsidize these media

outlets, despite sending users to those media sites where they generate revenue through advertising.

Bill C-293

This Bill allows the Feds to take over your animals your products including your farm or ranch and machinery and equipment It can be used to reduce or stop meat production and break supply chains

You might remember the RCMP killing over 300 Ostriches by CFIA orders

Promoting “Alternative proteins” – Cockroaches anyone?

Communist Canada
